¹ The Doctor Loan is not available for properties in Alaska, Arizona and Hawaii; contact your loan officer for details. This product is available to licensed Residents, Interns, and Fellows in MD, DO, and DPM programs and licensed Physicians and Dentists (MD, DO, DPM, DDS, DMD) who have completed their training within the last fifteen years. Doctors with equal to or over fifteen years post training need to be members of Truist Wealth or belong to a practice that is part of Truist Wealth to be eligible for this product. Fifteen-year restriction does not apply when refinancing an existing Truist Doctor Loan. Other program restrictions may apply; please consult your loan officer.

² Student loan debt may be excluded from the debt-to-income ratio (DTI) calculation if it will be deferred for at least 12 months after closing. Reduced student loan payments in an eligible income-driven repayment program may be acceptable based on qualifying income, status of income-driven repayment plan and supporting documentation. Consult your loan officer for details.

³ Eligible condominium projects are those that have been confirmed by Truist Mortgage to meet the applicable Fannie Mae, Freddie Mac, and Truist Mortgage condominium requirements for the loan program. Please consult your loan officer for details.

⁴ Borrowers should note that 100% mortgage financing will result in no property equity until such time as the loan principal is paid down through regular mortgage payments and/or the property value appreciates. Additionally, if property values decline, you could owe more than your property's value. Additional LTV restrictions may apply.

⁵ Financing available for certain employment visa classifications. Ask your loan officer for details.
