## Truist Overdraft Decision Notice

*This Notice is only applicable for consumer deposit accounts.*

### Note: This Notice does not apply to Truist One and Truist Confidence Deposit Accounts

#### What You Need to Know about Overdrafts and Overdraft Fees

An overdraft occurs when you do not have enough money (available balance<sup>1</sup>) in your account to cover a transaction, but the bank pays it as a courtesy. Truist can cover your overdrafts in two different ways:

1. We have standard overdraft practices that come with your account.
2. We also offer Overdraft Protection plans, such as a link to a savings, money market, or another checking account, line of credit, or credit card, which may be less expensive than our standard overdraft practices.

The remainder of this notice explains our standard overdraft practices.

#### What are the standard overdraft practices that come with my account?

Unless you request this specific Overdraft Coverage service, Truist Will not be allowed to pay overdrafts and assess a fee for:

- **ATM Transactions**
- **Everyday debit card transactions<sup>2</sup> (also known as one-time debit card transactions)**

Your request allows Truist to consider paying the overdraft for which you will incur a fee. This is your choice. If you do not request this service, or if Truist chooses not to authorize the overdraft, your transaction will be declined.

The following types of transactions are not affected by your request. We may authorize and pay overdrafts on these transactions and fees may be incurred.

- **Checks and other transactions made using your checking account number**
- **Automatic Bill Payments**

Truist pays overdrafts at its discretion, which means that we do not guarantee that we will always authorize and pay any type of transaction. If we do not authorize and pay an overdraft, your transaction will be declined or returned.

#### What fees will I be charged if Truist pays my overdraft?

Under Truist's Overdraft Coverage service:

- Truist will charge you an Overdraft Fee of \$36 each time we pay an overdraft on your behalf.
- Truist limits the total number of Overdraft fees to three (3) per day.
- **Truist will waive overdraft item fees for transactions that are less than \$5.00.**

#### How do I change my decision for Overdraft Coverage?

To change your Overdraft Coverage decision at any time, you may submit a request in one of the following ways:

- **Log in to Truist Mobile** - Select the applicable account, tap on ellipses, select Overdraft options, scroll down and see Overdraft Coverage – select on or off to make your Overdraft Coverage decision
- **Log in to online banking at Truist.com** - Select the applicable account, click More, click Overdraft options, and go to Manage Overdraft Coverage to make your Overdraft Coverage decision
- **Call 844-4TRUIST** - For touch-tone users, choose options 1, 6 and follow the prompts, or if you're using speech, simply say "Overdraft Coverage"

Your decision will be effective the next business day. Your decision will be effective until you make another decision for this account.

If you do not request Overdraft Coverage, we will automatically decline all of your ATM transactions and everyday debit card transactions that would overdraw your account.

<sup>1</sup> Your available balance is the money in your checking or savings account that is currently available to you to make purchases, withdrawals, etc. It reflects any processed and pending transactions, as well as any holds. For more information about how your available balance is calculated and when/how overdraft fees may be assessed, please visit [Truist.com/thefacts](https://truist.com/thefacts).

<sup>2</sup> We rely on transaction coding sent to us by the merchant or other third-party to determine whether your debit card transaction is one-time or recurring, which affects whether or not we would authorize these transactions at our discretion and whether fees may be assessed.
